JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 25 January 1961

ADDENDUM

(Unclassified - LRH) See item 9 of 25 January Journal. I briefed the Director on the fact that no new commission was needed and, of course, no action by the Senate. He thereupon called Mr. Theodore Sorensen at the White House to inform him that in our opinion there was no need for further action. The Director said he would be delighted to have a commission from President Kennedy, but he rather doubted whether it was a good precedent so far as this Agency was concerned to have any Senate proceedings. Mr. Sorensen said he would look into the matter, and the Director said he would leave it entirely in his hands.

SECRET

X1 9. [redacted] Talked with Mr. William Darden, Senate Armed Services Committee staff, concerning the question of the President issuing a commission for the DCI covering the point of whether or not if a new commission is issued would there be a requirement that the Director's name be forwarded to the Senate for confirmation. I explained that Mr. Dulles wanted this handled very quietly. Mr. Darden said he would discuss this with the Legislative Counsel of the Senate who was completely trustworthy since this point had come up in a slightly different way in connection with the Under Secretary of the Air Force, Joseph V. Charyk, and Assistant Secretary of the Air Force, Lyle S. Garlock. Subsequently, Mr. Darden advised that clearly there was no legal requirement that a new commission issue. On the other hand, if the President forwarded a commission to the Director and did not send it to the Senate, a new commission would not be legally effective, it would be a pure ministerial act with the Director legally holding office under his previous commission. Further, Mr. Darden discussed this in a hypothetical way with the General Accounting Office and was advised that from a legal standpoint the old commission was completely effective and there was no requirement for a new commission.

X1 10. [redacted] The Director telephoned indicating he had spoken to Larry O'Brien at the White House concerning Agency congressional relations and Mr. O'Brien had indicated that Myer Feldman would be the man to discuss this. The Director asked that I be in touch with Mr. Feldman to indicate the general nature of our congressional relations including appearances and whether there were any White House desires as to reporting on congressional hearings. 25X1

MEMORANDUM FOR

The Honorable McGeorge Bundy
Special Assistant to the President for National Security Affairs

This is in reply to your note of July 21, 1962 to the Director of Central Intelligence, enclosing correspondence addressed to the President and Mr. [redacted] STAT
AT [redacted]

Since his brief employment by CIA [redacted] has STAT repeatedly and persistently aired his grievances and pressed his claim for compensation. In addition to many letters and telephone calls to Mr. Dulles and others in CIA, he has sent voluminous complaints to President Eisenhower; Vice President Nixon; Mr. Gerald D. Morgan, Deputy Assistant to President Eisenhower; Senator Clifford P. Case; Dr. James R. Killian, Jr., in his capacity as Chairman of the President's Board of Consultants on Foreign Intelligence Activities; and Brigadier General John F. Cassidy, former Staff Director of that Board.

AT In each case [redacted] claims and charges have been carefully investigated and found to be without basis. [redacted] STAT appeal to President Kennedy adds no new information or argument, but its character and length perhaps underline the wisdom of CIA's action in quickly terminating his employment.

I enclose for your information a summary of CIA's experience AT with [redacted] which was prepared for [redacted] and STAT is still valid. Also, in case it is desired to answer [redacted] STAT most recent letters, I enclose a draft reply which is consistent with previous replies.
